

# HELG: sjakk & hjernetrim

## Den lokale rekrutteringen

Nesten alle klubber er drevet av frivillige som uke etter uke jobber gratis for å lage gode miljøer for gammel og ung.

Norges sjakkforbund er inndelt i 14 kretser, men en tredjedel av medlemmene er tilknyttet kretsen Oslo og omegn. De fleste andre kretsene har 3 til 6 prosent av medlemsmassen i NSF. Det gjelder også Møre og Romsdal sjakkrets der Kristiansund SK er den største klubben. Allerede i mars hadde de registrert flere enn i hele 2022.

Klubbens Amund Pihl Strand tok bronse i juniorklassen i landsturneringen i fjor, og deres unge lag bet godt fra seg i NM for klubblag i år. Også den eldre garden er godt representert i Kristiansund. Nestoren Karl W. Strand på 85 år er den som har vunnet Roscupen flest ganger. Han er ti år eldre enn Eli Marit Ødegaard som fikk rating for åtte år siden.

Hun begynte med sjakk da hun pensjonerte seg som lærer, spilte sin første landsturnering i 2011 og skal spille i klasse fem i år. Stjernen SK arrangerer landsturneringa i Vallhall arena i Oslo den første uka i juli. Turneringen samler i år spillere fra 6 til 90 år, og nivået spenner fra helt nybegynner til Aryan Tari som er nr. 100 i verden. Det er fortsatt mulig å melde seg på til det som for mange er det sjakklike høydepunktet i løpet av året. Det er gøy å spille i samme rom som eliten, alle tar spillet like alvorlig og man får sjakkvenner fra hele landet.

Hver dag arrangeres det sideturneringer som fullføres på én kveld. Korte tidskontroller er utfordrende for mange som begynner med turneringssjakk som voksen. Det er bare én måte å bli bedre i lynsjakk på, og det er å kaste seg ut i det. Det siste året har Ødegaard spilt i nesten alle lynsjakkturneringene som Kristiansund SK arrangerer hver lørdag. Og i mai i år kom hun for første gang på pallen. Vi skal se på et parti fra Midtnorgeserien i mars i år.

Hvits lette offiserer er aktive og mer koordinerte enn svarts brikker, og nå får de hjelp av dronninga. 14.Dd5+ Tf7 14...Kh8 hadde vært litt bedre enn å frivillig gå inn i en binding. 15.Sxe5!! Denne type offer er det veldig lett å overse om du ikke har mye taktisk erfaring. 15...De8 15...fxe5 går selvsagt ikke pga Lxd8, og på 15...fxg5 vinner hvit tårn etter 16.Dxf7. 16.Sxf7 Le6 17.Dxa5 (1-0, 33 trekk).
